

DESCRIPTION

As part of our growing line of exhaust system offerings, Flowmaster is excited to introduce several new additions to our line of high-flow Direct-Fit Catalytic Converters. Manufactured in the USA to exacting standards, these 49-state legal stainless steel bolt-on cats are available as direct replacements for many popular applications and meet or exceed OEM and USEPA specifications.

Flowmaster's converters include our 25,000 mile emissions warranty and 50,000 mile/5-year warranty on the cases.

Please note: These converters are not legal for sale or use in California on emissions controlled vehicles.

Please call 707-544-4761 or visit www.flowmastermufflers.com for application and additional product information.

- Available for a variety of Direct-Fit applications
- Meets or exceeds all USEPA 49-state requirements
- 25,000 mile internal components emissions warranty
- 50,000 mile/5-year warranty on exterior casings
